**"KEEPER OF THE KEYS"**  
**JUDY JACKSON**  
GA DISTRICT GOVERNOR

Welcome to a new Pilot year! Our theme for this year is "Pilot Is the Key to Service." I challenge each club to provide service opportunities for all Pilots. These do not have to involve dollars and cents, but do need to provide service to help others. Let's look for needs and provide those opportunities for all members to have a part in meeting the needs of others, offering a listening ear, or giving support. Plan to go out and serve in small or large groups; we often do better in groups with a plan.

Mark your calendars for October 3-4, Fall Council at the Doubletree by Hilton Atlanta-Marietta. We hope you can come on Friday and join us Friday evening in the Junior Ballroom for hors d'oeuvres, music, and entertainment. Start collecting gently used or new books for needy children and teens (ages 5-13) for a special District Project and bring those to Fall Council and District Convention. See article inside.

Our DAC/DEC, club delegates, and other Pilots are excited about International Convention and look forward to bringing back ideas and information. The August Governor's Bulletin will highlight information from convention and provide Fall Council details, as well. I look forward to working with each of you this year and know that together we can truly make a difference because "Pilot Is the Key to Service!"

*Judy*

2013-2014 Lt. Governor Gwen Yarbrough, President Jean Hall, of the Pilot Club of Milledgeville, Governor Judy Jackson, and new Pilot Georgeanne Cook from the Pilot Club of Washington Co. enjoyed the East Central Region Workshop hosted by the Pilot Club of Milledgeville on April 26. The training, food, and fellowship were enjoyed by a large group of East Central Pilots.

*The Vision of Pilot is to achieve universal awareness and prevention of brain-related disorder and disabilities.*

**"A CAPELLA CHAPLAIN"**

**TERESA SHIRLEY**

I reside in Hart County, Georgia, where a sinkhole has been recently discovered on a main road. The Georgia Department of Transportation believes the sinkhole was caused by a problem with a massive pipe that runs about 40 feet underneath the roadway. The pipe is 10 feet in diameter and 150 feet long. The pipe needs to be removed, replaced by a new, custom made pipe. Then the substructure for the route can be rebuilt. If that weren't complicated enough, each end of this huge pipe is under about 4 feet of Lake Hartwell water. Repair is expected to take the entire summer. Thinking about this dangerous situation, I thought about the potholes in my own life...

I found myself driving the curvy road near my home slower than usual this morning. My eyes were open as wide as I could get them and I was scanning the road as intently as I could. I was swerving my car to the left and to the right. No, I wasn't drunk, sick, or sleepy. I was just trying to miss all of the potholes. An especially brutal winter had produced a bumper crop of them this year.

As I rounded a curve I saw one that I couldn't miss. I hit it with a jarring thud and in a moment

of anger one of those words I try never to use anymore slipped out of my mouth. I shook my head and slowed down even more. As I rounded another curve I saw a man in the road and slowed to a stop. He was directing traffic while his work crew was throwing shovels of asphalt into the worst of the potholes. I smiled at them all and gave them a little wave as I drove on. I knew that their patch job wouldn't last for long but was grateful that it was at least making the road a bit smoother for now.

As we all travel down the road of life we can't help but see that in places it is full of potholes. Pains and problems, difficulties and troubles, challenges and obstacles, sickness and death all lie along that rough road. There is no way to ignore them. There is no way to avoid them. There is no way to travel around them. What we are left with then is a choice. We can curse their existence and rail at God and life or we can take a shovel full of kindness, a shovel full of joy, and a shovel full of love and do our best to fill them in. We can work and pray and have faith that we are making the road a little less rough for those who follow us. And we can remember that while God didn't promise us a smooth road in this life He did promise to help us to smooth the road ourselves, one pothole at a time.

*Teresa*

### "THE KEY TO THE FUTURE"

**MARY TURNER**  
ANCHOR COORDINATOR

I am glad to be serving as the Anchor Coordinator again this year. I am pleased to let you know that Anchor Convention will be held February 27-March 1, 2015. We will once again be at Legacy Lodge on Lake Lanier Island. I would like to encourage each Pilot Club to help their Anchors raise money so that they will be able to attend this year. The new Anchor Board will be meeting soon to plan convention.

Please encourage your Anchor clubs to keep a scrapbook and to bring it with them to convention. We did not have that many scrapbooks this year. I would also like to see more clubs enter the Community Service Award, and Anchor Club of the Year. We only had one club enter this past year.

I would also like to encourage any Pilot Club that does not sponsor an Anchor Club to think about starting one this year. The club does not have to be in a local high school. It can be a community club. If you have a big home school group in your area you might want to reach out to them.

Please remember that Anchor Club dues are due by November 1, 2014. Pilot International dues are \$14.00 and Georgia District dues are \$8.00.

If there is anything that I can do to help, please let me know. My email is: [turnerma@elberton.net](mailto:turnerma@elberton.net) and my phone number is: 706-498-2318.

Mary

### "LEADING THROUGH THE GATE"

**PATRICIA WHATLEY**  
LEADERSHIP COORDINATOR

Ten Qualities that Make a Great Leader

For years I have worked with people who had qualities that would make them Great Leaders.

Often times people need a boost to recognize their abilities. My mission is to encourage you to recognize your abilities and become the leader you want to be. I have found a list of qualities that I feel we all need to possess. Examine yourself and see how you fit in the "Leaders List".

1. Honesty  
This should always be a key value and can be the standard you will be identified with. This value will encourage your team to live up to the standards you have set.
2. Ability to Delegate  
Trusting your team with your ideas is a sign of strength, not weakness. Identify the strengths of your team and capitalize on them.
3. Communications  
You Must be able to clearly describe what you want done. Everyone on the team must know the goal.
4. Sense of Humor  
Morale is linked to getting the job done. You must instill positive energy in the team and find humor in mistakes. Learn to laugh at yourself.
5. Confidence  
Everything does not always work like you planned. Keep up the confidence level, stay calm and assure the team that error is natural in all parts of life and to continue moving in the right direction.

These are the first five qualities. Use them this month and remember "practice makes perfect". These qualities are appropriate for all walks of your life. Next month look for the next five leadership qualities.

Patricia

### Pilot Clubs.....

The deadline for photos for Past Gov. Patricia's scrapbook is August 1<sup>st</sup>. Please send your pictures to Joan's old email address ([mcc46@bellsouth.net](mailto:mcc46@bellsouth.net)). Also, use this email for pictures for Gov. Judy's scrapbook.

The Vision of Pilot is to achieve universal awareness and prevention of brain-related disorder and disabilities.

**"KEYS FOR KINDNESS"**  
**JAYNE LACKEY**  
**PROJECTS COORDINATOR**

I look forward to hearing about and being able to share your club's projects as we ALL work together toward "KEYS for SERVICE and KINDNESS" in 2014-2015. I am also excited about seeing many of you at convention in Chicago.

Let us remember that, **"No act of kindness, no matter how small, is EVER Wasted."**

Please let me know if I may be of assistance to you and your club. I can be contacted at the following: [jlackey@uga.edu](mailto:jlackey@uga.edu) or call 706-248-3555.

*Jayne*

Welcome to summer!! The season has changed from spring to summer and our new Pilot year has started. We should be excited to start our new year with great projects planned and enthusiasm for each one. I am excited about our new district project: The Zambezi Schoolbook Project; please be sure to read the article about this in the Bulletin. It is great to know what a joy this will be to the recipients of these books.

Be sure to read the Pilot Log, our Governor's Bulletins, the PI website, and PI emails to see what other clubs are doing to DO MORE, CARE MORE and BE MORE.

**"UNLOCKING THE VAULT"**  
**AMANDA MCCOY**  
**FUND RAISING COORDINATOR**

Did you know that Lucille Ball was told by her drama school teachers that she was not cut out for show business and she was fired from two Broadway Productions? Or that as a sophomore in high school, Michael Jordan tried out for the varsity basketball team and didn't make the cut? And did you know that Albert Einstein failed a university entrance exam at the age of 16?

What does any of this have to do with fundraising, you may ask? What are you so afraid of when it comes to asking people to support a wonderful club that services the community in which they live? Are you afraid they will say no? What happens when they do say no? Does your club disappear to never be heard from again? Absolutely not! You move on to the next person. One of the top reasons people donate money or participate in a fund raiser is because he or she was asked. It's that simple. You may have 99 out of 100 people turn you down. But guess what? You got one to say yes.

As you all know, Lucille Ball went on to become one of Hollywood's biggest stars winning four Emmy Awards. Michael Jordan won 6 NBA championships with the Chicago Bulls. Albert Einstein went on to be considered a "genius" and won the 1921 Nobel Prize in physics. Don't let a failed fundraising event get you down. Don't let the answer "no" stop you from asking the next person. Discuss what went wrong and what can make the event better. Push on to the next person and the next to get your "yes" answers. Your club and your community need you to continue to push forward.

*Amanda*

**ZAMBEZI SCHOOLBOOK PROJECT**

A new District project, called Zambezi Schoolbook Project is being adopted for this year which provides reading material to children in South Africa who, for many, have never had a book of their very own to hold in their hands.

Barbara and Claude Mayfield are founders of this project; they wish to provide books for the children in the Zambezi River Valley region. After working with this project they partnered with Books for Africa and are now collecting, shipping and also going to oversee the distribution to their excited recipients. They hope to supply many remote village schools and libraries with Pre-K through high school level **leisure reading books**.

The greatest need seems to be leisure reading for Pre-K to 8<sup>th</sup> grade (ages 5-13). However, all gently used or new books for children and teens will be welcomed and distributed.

Please join in this project so the children of the Zambezi River Valley can have the wonderful experience of books and learning to read. Bring your books to Fall Council and District Convention. The Mayfields will be there to speak to us and collect our book donations. You may also visit their website for more information: [claude-and-barbara@zambezi-schoolbook-project.org](http://claude-and-barbara@zambezi-schoolbook-project.org).

You may contact District Projects Coordinator Jayne Lackey, [jlackey@uga.edu](mailto:jlackey@uga.edu) or District Assistant Anchor Coordinator Sheryl Merrey, [sherylmerrey@gmail.com](mailto:sherylmerrey@gmail.com) if you need further information.

*The Vision of Pilot is to achieve universal awareness and prevention of brain-related disorder and disabilities.*

**GRACE CRITTENDEN**  
**GA DISTRICT GOVERNOR-ELECT**

As you read this article, I am getting ready to go to the Windy City of Chicago along with your 2014-15 GA District DAC/DEC. I am looking forward to having a terrific time and to seeing Pilot friends from across the country and the world. My first PI convention in Washington D C got me hooked. This will be the thirteenth Pilot International Convention that I have attended in my twenty-four years as a member of the Pilot Club of Cuthbert; and, the third time I have had the privilege of attending a Council of Leaders. To me the conventions are awesome. I wish I could have been to all the ones I had to miss because I learn so much and have such amazingly good times making new Pilot friends, seeing old friends and getting new ideas to try out with my own club. The added plus is getting to visit new places. I know many of you have shared these experiences and I hope all of you will jump at the chance to go to Orlando in 2015. Can't you just imagine the fun we will all have there? Sometimes the cost may seem prohibitive but remember the experience you get and the things you learn to bring back to your club are priceless.

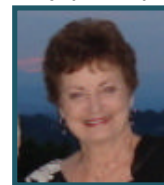

You should be able to tell by now that I love to travel and stay ready to take all opportunities that come my way, especially Pilot opportunities. Another thing I love about Pilot is our BrainMinder

Buddy program. You may have seen the Cuthbert Buddies in person at Jekyll Island and/or on the cover of the Pilot Log. It has been a lot of fun to create and make the eleven costumes and even more fun to wear them as we become the characters and interact with the children and adults we teach about playing/living safe. Over the years I am so glad that four of my grandchildren have had the presentation in their classes and at least 18 fellow club members and several other helpers have put on a costume and become a character at some time or other. (By the way, the idea to do costumes came from seeing them at the PI Convention in Jacksonville as they led us in the Pilot Walk!)

When I joined Pilot oh so many years ago, I had no idea what a big part the organization would play in my life. During the years I worked as a Farm Bureau Insurance Agent, I had to juggle my time for work, family, church and Pilot. I called that period of life my three-ring circus. Now during retirement, I still find myself having to set priorities to find time to do as much in a day as I can. Pilot is way up there on that list. Serving others, making friends and the creative ideas and activity make life a real joy for me. I am looking forward to sharing more Pilot joy with you this year as your Governor-elect and Pilot friend.

Until next time.....

*Grace*

**SUSAN HARBIN**  
**GA DISTRICT TREASURER**

Hello Pilots!

I'm looking forward to being your Treasurer once again this year. My husband Harold and I live in the lovely small town of Lavonia in Northeast Georgia. Lavonia is home to "Land of Spirit" a Folk Life play that just finished their 7<sup>th</sup> season. I'm an active supporter of the Arts in Franklin County, GA, volunteering time and resources. I love to travel with a club through a local community bank. This year we were able to enjoy a land and cruise tour to Alaska. The scenery was absolutely breathtaking. I have been a Pilot since 1977 with a four year gap in service back in the 80's when I was finishing up my education.

Professionally, I am Treasurer of Patterson Pump Company located in Toccoa, Georgia with responsibility for Patterson Pump Ireland

located in Mullingar, Ireland. I am a certified management accountant (CMA) and have a master's in business administration (MBA).

I am ready to receive your 2014-15 club dues. Both your Pilot International dues and your Georgia District are due to be paid by July 1<sup>st</sup>, 2014. Georgia district dues are \$18.00 per year per club member. The Georgia Dues form is located on the District website- [www.pilotgeorgia.org](http://www.pilotgeorgia.org). Across the top of the site, you will see a heading called "FORMS". Scroll down until you find the Georgia Dues Form. Print, complete and send with your remittance to the following address: Susan Harbin, P. O. Box 421, Lavonia, GA 30553

Hope to see many of you in Chicago!

*Susan*

**"OPENING THE GATES"**  
**SHELBY HOLLAND**  
**MEMBERSHIP COORDINATOR**

Hello Georgia Pilots! I am honored to serve as Membership Coordinator for the Georgia District during 2014-2015, along with Beverly McKenna as Membership Co-Coordinator. I am a member of the Pilot Club of Toccoa, located in the Northeast Region, and Beverly is a member of the Pilot Club of Chatham County, located in the Southeast Region. So, I would like for you to think of us as the "North & South Duo Membership Team" that will assist you during this upcoming year, as we serve together.

With Governor Judy Jackson's 2014-2015 Georgia District theme being "**Pilot is the Key to Service**" and the Membership theme being "**Opening the Gates to Growth**", I believe Georgia Pilots are going to have a great year as we turn our mindset towards "**Growth**". As you will note in Governor Jackson's symbol, there is a gate entrance with a key, representing "**Pilot is the Key to Service**". Let me ask each club to envision their club as being a gate this coming year, with members being the "**Gate Keepers**". A definition of a "Gate Keeper" is a person who controls access to something, which I ask clubs to focus on bringing new members inside the gate. I encourage you to make your gate attractive and to leave the gate wide open to welcome new members and bring them through your gate. Also, I remind you that the gate should be locked to allow membership retention – don't forget about your current members! Remember love and friendship are the "Master Keys"

that open the "Gate of Happiness" for club members. Speak to guests and members with a cheerful word of greeting. Smile – it takes 72 muscles to frown but only 14 to smile. Be friendly and helpful. Take that new member under your wing to assist them in understanding the ways of your club in regards to how it runs and what is expected of them. And most important, be generous with praise and cautious with criticism.

I look forward to Georgia District "unlocking" those Region Gates as we maintain and increase our membership during 2014-2015. I encourage each club to set a goal for membership and work diligently to meet your goal.

Something new offered from Pilot International is the "I Am A Pilot" New Member Guide, which will be mailed to new Pilot members from Pilot International. This can be viewed on the PI website – click on: "I am a Pilot" tab, then "I am a Pilot New Member, Recruitment and Club Building Resources, which is a 20 page New Member Guide. This booklet is a wonderful resource to assist new members!

As a possible mixer for your July meeting, the week before your July meeting, the club Membership Division should ask each member to wear a Red, White or Blue blouse or shirt to the July meeting. Once members arrive at the meeting, have them sit at tables designated for Red, White or Blue. Purpose for this fun mixer is to have club members sit outside their normal group of friends and get acquainted with other club members. HAPPY 4<sup>TH</sup> OF JULY!

*Shelby*

**ROBIN WILLIAMS**  
**GA DISTRICT SECRETARY**

I am very excited about the opportunity to serve as the Georgia District Secretary alongside so many fantastic, dedicated Pilots. I know that I am still relatively new to Pilot only having joined in 2011, but I joined to serve others...whether they are beneficiaries of the many Pilot programs and initiatives, or simply other Pilots, who can use a helping hand in furthering the mission of Pilot International.

I have most recently served as the President of the Peachtree Pilot Club of Atlanta, Inc, who recently celebrated 60 years since being chartered in 1953, so I have a long history of great leaders to follow. The members of our Club have provided me a vast wealth of knowledge and have taught me a number of valuable lessons. I have been able to expand my community involvement and have made so many new friendships. But isn't that what Pilot is all about!!!

I am a native New Englander, having been born and raised in Rhode Island. I made my way south after having served in the United States Marine Corp in the mid-late 70's. I think that is where I acquired my organizational skills and why I am so focused on Veterans programs. I am the mother of two daughters, Marisa

and Alyson, grandmother to 6, and great-grandmother to one, all of whom live in Georgia.

I work in the healthcare industry as a clinical trials regulatory assistant for Northside Hospital Cancer Institute, who acquired Georgia Cancer Specialists, the largest private oncology practice in the southeast, in 2013. We are well known and respected for conducting "first-in-humans" trials, investigating new drugs with the hopes of easing or eradicating cancers.

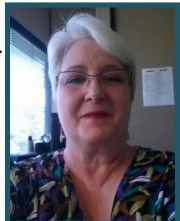

I look forward to working with each of you during this upcoming year. I think the most important aspect of my position will be to keep accurate membership records in our district, so please, don't forget to send the **Notification of Change in Membership** form as soon as changes take place at the club level.

If you ever need me, I'm only a phone call or email away. Reach out, and I will do whatever I can to assist you.

Let's make 2014-2015 a Pilot year to remember.

*Robin*

Pilot International Website: [www.pilotinternational.org](http://www.pilotinternational.org)

**Conyers Club Partners with Autism Support Group**

In its desire to DO MORE and consistent with Pilot International's focus- *Caring for Families*, The Pilot Club of Conyers, GA. wrote and received a 2014-15 matching PIFF grant for \$1500. The funds are being used to celebrate and support a very special group of Family Caregivers in our county, The Autism Support Group. Very briefly, the grant allows free time to these parents with five planned activities over the year. Pilots are hosting three dinners with programs for the parents while their children's needs are met by certified sitters and Pilot members. Two Parents' Nights Out allow caregivers three hours free time while their children play on inflatables and enjoy pizza at Game Time. Staff, Pilots and sitters provide supervision at Game Time which is closed to other guests during this time.

Our first dinner was held on May 15<sup>th</sup> and exceeded all expectations. Thirty four care givers and thirty one children attended! To welcome summer, we planned an evening of fun and fellowship for the caregivers and selected the theme, WE CELEBRATE YOU. The evening included a catered dinner, a hilarious visit from Granny Cupcake, a soloist, and games with great donated prizes. While the parents enjoyed some adult time, the children ate and played games in another well supervised area of the church where the event was held.

Ginny Van Rie, Chairman of the Rockdale Autism Support Group, says it best, "The partnership with the Pilot Club through the grant has been invaluable. The dinner and entertainment was wonderful. The parents/caregivers were able to enjoy a delicious catered meal with entertainment knowing that their children/dependents with autism spectrum disorders (ASD) or other disabilities were safe and entertained which allowed the parents to actually relax during the evening. We (RCASG) can only provide this level of service for the parents/caregivers through the support of the Pilot Club! We are very grateful they chose our organization and families to honor and support with the grant!"

**Pick Me Ups and Caregiver Recognition**

The Pilot Club of Carrollton recognized twelve community Caregivers and their guests at its May meeting at Sunset Hills Country Club. The club treated the 24 guests to dinner and presented them with gift cards from the club and gifts from three local businesses. The group enjoyed entertainment by a local pianist in a musical journey through the ages. Each caregiver was introduced by a different Pilot who shared highlights of their lives. This event culminated a year of recognizing one or more caregivers at the club's monthly meetings. For the May event, caregivers were nominated by Tanner Hospice, The Benton House, and Heaven Sent Helpers.

A special Caregiver of the Year recognition went to Naomi Credille, age 90, who was recognized for almost a lifetime of care giving for family members and for the last 15 years, caring for Albert Jones, who is now 102. The club made a donation to the PI Founders Fund in her honor, treated her, a niece, and great niece to dinner and presented her with gifts.

Pilots Cassie Wright and Martha Sanders visit with pianist Aaron Olinger who entertained at the Caregiver Pick Me Up Recognition hosted by the Pilot Club of Carrollton honoring 12 caregivers and their guests.

Ten of the twelve caregivers recognized at the Caregiver Recognition hosted by the Pilot Club of Carrollton are pictured here. The club partnered with area agencies in nominating deserving caregivers for their culminating event.

*The Vision of Pilot is to achieve universal awareness and prevention of brain-related disorder and disabilities.*
